TO OUR MANY CUSTOMERS AND FRIENDS:

It is with great pleasure and pride that we offer you our new 1949 Spring and Fall Catalogue. We are starting our Twelfth Year in business, and we take pleasure in thanking each and every one of you for the splendid support given Garden City Perennial Gardens.

We especially thank all of you who have recommended and will recommend our plants to your friends and neighbors. We are very grateful, and will continue to do our best to please them as we have pleased you. Should you at any time receive anything from us which is not satisfactory or true to name, please let us hear from you. We have always tried to make right any just claim.

This year, we have the pleasure of introducing the new Subulata Phlox from the prominent Eastern Horticulturist, Mr. J. Herbert Alexander, of Middleboro, Massachusetts; who has made great strides in the improvement of the Subulata Phlox to the world. These Phlox are ideal for the special spot in the sunny rock garden.

We are also introducing to the Iris World, two of our new Ironclad variety of Iris.

All perennials are listed in groups of three or more of one kind; as this tends to give a more effective garden display. Flowers depend a great deal on the composition of soils. A good gardener is not surprised if plants vary somewhat in shades of color from descriptions in a catalogue.

Visitors are always welcome. Our Gardens are located at Fremont, Nebraska, on East Military Avenue; one-half mile East of City limits; the first house East of Garden City School on South side of the highway. Come often and enjoy our flowers. It is always a pleasure to show them.

Terms—Please note, that Cash must accompany all orders from parties unknown to us. Remittance may be made by postal or express money orders; bank drafts; or personal check. On orders amounting to less than \$1.50 kindly add 25c to cover postage and packing charges. All orders \$1.50 and over, we prepay all charges. We will ship by parcel post unless otherwise desired. All Express shipments go Collect. However, if Express shipment is received in bad condition file claim with your Express Agent. No C.O.D. Orders Considered.

Guarantee—We do guarantee safe arrival of plants in good condition, but due to the fact that we have no control over the plants after they leave our hands, we cannot therefore guarantee them to grow. No claims for errors allowed unless made within ten days after receipt of goods. We express or imply no warranty as to productiveness of nursery stock we sell. If any nursery stock, etc., proves untrue to description under which it is sold, we hold ourselves in readiness on proper proof, to replace all such nursery stock, etc.; but we shall in no case be liable for any sum greater than the amount originally received for said nursery stock.

We accept all orders subject to crop conditions and on condition that same shall be void should injury befall our stock from hail, fire, frost, error in count, or other causes beyond our control. We appreciate all orders; we

give all orders, large or small, the same careful consideration in plants and packing.

When to Order—Orders may be sent just as soon as you receive this catalogue. Do not delay in sending your order; often items are sold out before the season is over, and naturally the early orders are filled first. If you prefer any special date to have your order shipped, please write it on your order blank and we will try to comply with your request. Otherwise, plants will be shipped at the proper planting time; as some varieties are best transplanted at a certain time of the year.

We have two and one half acres in Perennials and 125 sq. ft. of glass, composed of two small cool greenhouses attached to our residence; which makes ideal conditions for the propagation of Mums, Buddleias; Carnations; etc. All stock is State Inspected. Cut flowers sold in season.

Join the American Iris and/or American Peony Society. Every true Iris or Peony enthusiast will enjoy the quarterly bulletins containing a wealth of information on their favorite flower. The Bulletins keep you posted up-to-date on the latest culture; new varieties; etc. Cost is \$3.00 per year Each.

Plant flowers along your pathway
Grow flowers around your door.
Have them inside your window pane
When winter winds do roar.
Exchange them with the neighbor
Give them to a friend.
Buy them from your flower girl
Who grows them for that end.

Perennials—Platte Valley Grown

EARLY BLOOMING CHRYSANTHEMUMS

This year, we are eliminating many varieties; some that have proven to be not satisfactory one way or another. However, we have added a few new varieties that seem to be early and frost resistant and hardy with protection. All plants we send out in the spring are from 2½" pots; which make large flowering clumps by fall.

Select a rich, well drained soil—sheltered yet sunny location. Mums love lots of fresh air; plenty of water and fertilizer. Be sure to divide your old clumps the following spring; or plant new potted ones. Giving ample room for proper growth and for cultivation; spacing 18 in. to 2 ft. apart in the rows. Water well, then cultivate the ground before it is allowed to dry out. After the middle of August cease all cultivation so that the side shoots that make plants for next year can begin to form.

We strongly advise the purchase of chrysanthemums in quantities of 3 or more of one kind, since a group of 3 or more plants make a much more striking and effective color mass in the garden.

BRONZE MUMS

Apricot Glow (Cumming)

A glowing rich apricot-bronze cushion mum, 18". In full flower by late summer. Handsome, mound-like plants 2½ ft. or more across the first season.

Each 60c; 3 for\$1.60

Fred F. Rockwell (Cumming) Plant Patent No. 718.

This is the most gorgeous blending of bronze and orange tones ever seen in a pompon. This plant is a thing of beauty in its lusty, vigorous appearance, starting to bloom in August; it is frost proof; besides being a new color; the most intense orange ever seen in a mum. A must have.

Each 75c; 3 for\$2.00

Harbinger (Kraus)

Double bronze pompon flowers with the coloring of fall maples. 28". Early.

Each 50c; 3 for\$1.40

Mrs. Pierre S. du Pont III (Cumming)

30", large double flowers of peach pink tinted with rosy salmon-bronze. October 1st.

Each 50c; 3 for\$1.40

Olive Longland (Kraus)

24", three inch double flowers, the same color as Mrs. P. S. du Pont III, but flowers in mid-September.

Each 50c; 3 for\$1.40

September Bronze (Cumming)

24" in height; of a bright golden bronze changing to vivid bronze. Button pompon. Plant of cushion habit. Frost resistant. Early.

Each 50c; 3 for\$1.40

CHRYSANTHEMUMS (continued)
LAVENDER MUMS

Lavender Lassie (Cumming)

Cushion mounds of lavender-pink pompon flowers.
Color even better than Lavender Lady. Early.

Each 50c; 3 for\$1.40

PINK MUMS

Dean Kay Improved (Mosnat)

Produces great abundance of rose-pink flowers.
Cushion habit. 22". Hardy and extra early.

Each 40c; 3 for\$1.10

Jayeff (Martin)

Fully double large 4 inch flowers of a deep positive
pink with dazzling, drifting sheen. Bushy plant of
2 ft. flowers in mid-September until severe frost.

Each 75c; 3 for\$2.00

Major Cushion (Youdath)

Bright salmon-pink flowers that do not fade. Flowers
are fully doubled, firm, and abundant. Very dwarf.
Considered the best pink cushion. Early September.

Each 50c; 3 for\$1.40

Miss Lace (Martin)

Fully double 3 inch blooms of light shell pink. Up-
right stems about 2½ ft. tall. Excellent cut flower
Early.

Each 75c; 3 for\$2.00

Tribute (Kraus)

Large, double flowers opening bright daphne-red
blending to daphne-pink 24". Mid-September.

Each 75c; 3 for\$2.00

PURPLE MUMS

Nabob (Martin)

New 1948 rich exotic, soft purple with a metallic
sheen, no hint of magenta. Medium tall, and double
blooms.

Each \$1.00; 3 for\$2.75

Murmurs (Kraus)

24", double flowers of amaranth-pink, aging to clear
mallow-purple. Petals broad and incurved. Extra
early.

Each 50c; 3 for\$1.40

Salute (Martin)

New 1948 Cushion type mum, small and extremely
bushy. Double deep purple flowers. Early.

Each 75c; 3 for\$2.00

Twilight (Kraus)

24"; a pleasing double fuchsia-purple with a silvery
rose reflex. When flowers are matured they are
very fluffy in form. Very frost resistant. Mid-season.

Each 60c; 3 for\$1.60

Violet (Longley)

Full double bloom of purple, dahlia-like flowers of
good substance. 24". Extra early cushion.

Each 50c; 3 for\$1.40

RED MUMS

Autumnsong (Kraus)

Bushy upright habit, 22 inches; double pompon
flowers of rich wine-rose shading to carmine. Un-
usual. Early.

Each 60c; 3 for\$1.60

CHRYSANTHEMUMS (continued)

Courageous (Kraus)

Large double ruby-red flowers, 3½" in diameter; 26". A true black-red Mum. Mid-September.

Each 60c; 3 for\$1.60

De Luxe Red Cushion (Martin)

Double flowers of a really bright shade of red.

Each 40c; 3 for\$1.10

Glowing Coals (Kraus)

26"; cushion pompon type. Flowers are a dark black-red impossible to describe. A beauty. Early.

Each 60c; 3 for\$1.60

September Cheer

A new rich cherry red. Very dwarf cushion. 16". Early.

Each 50c; 3 for\$1.40

WHITE MUMS

Avalanche

Queen of the whites; is this big, fluffy, handsome mum. Large flowers of a double creamy white with a lovely primrose center when matured. 24". Early.

Each 50c; 3 for\$1.40

Martin's White (Martin)

New, dwarf cushion covered with immense, pure white flowers. Compact and bushy. Grand for landscape border. Extra early.

Each 50c; 3 for\$1.40

Pepita (Kraus)

Densely quilled button-pompon of eggshell-white with darker center when young, changing to pure white with cream center. 26". Mid-September.

Each 60c; 3 for\$1.60

September Cloud (Cumming)

Double rounded pompons of purest white with a tint of primrose in center. 24" Cushion habit. Early.

Each 50c; 3 for\$1.40

YELLOW MUMS

Charles Nye (Kraus)

Large fully double rounded flowers of a rich butter-cup yellow. 26", of upright growth. Frost resistant. Mid-season.

Each 60c; 3 for\$1.60

Harbor Lights (Cumming)

A soft luminous yellow is the blend of creamy white and primrose yellow pompon flowers. 2 ft. Mid-September. A delightful cut flower.

Each 50c; 3 for\$1.40

My Lady (Mosnat)

One of the cushion mums, 18". Flowers are gold with an orange-red shading; giving an old gold effect. Extra early.

Each 40c; 3 for\$1.10

Mme. Chiang Kai-Shek Pat. No. 634 (Wayside Gardens)

Color is a blending of Chrome-yellow, cadmium yellow, and soft tinted old gold. Very unusual. Fully double pompon flowers. Early.

Each \$1.00; 3 for\$2.75

CHRYSANTHEMUMS (continued)

Wychwood (Kraus)

The most beautiful of all yellow Mums. Flowers are fully double, globular, rich, clear canary yellow pompons. Extra early. 22", upright. Splendid cut flower.

Each 75c; 3 for\$2.00

Yellow Avalanche (Lehman)

Large clear soft fluffy yellow flower. The ideal companion of Avalanche. 24". Early. Frost resistant.

Each 60c; 3 for\$1.60

Summertime (Cumming) Pat. 689

Large single 2" blossoms of bright lemon to bronzy yellow. Height 20", and very bushy. Glossy rich green foliage. Beautiful lemon-yellow daisies from August to killing frost. Splendid cut flowers. The Yellow Daisy you have been looking for. A must have.

Each 75c; 3 for\$2.00

HEMEROCALLIS (DAYLILY)

The Hybridizers have wrought wonders with the old-fashioned Daylily. The improvements include a wider color range, and extended period of bloom, larger flowers and sturdier plants. Hemerocallis are extremely hardy and will thrive under most ordinary conditions, blooming in full sun or partial shade. Their vigor is especially evident in dry seasons and insect pests have little effect on them. Plant three to four inches deep. In speaking of Hemerocallis, instead of roots or rhizomes or tubers, they are known as clones.

Cissy Guiseppi

2½ ft. flowers of dark coppery rose-red almost ox-blood red with a yellow bar down the center of each petal. July-August.

Each 50c; 3 for \$1.40; 6 for\$2.50

Cinnabar (Stout 1930)

2½ ft. July-August. Delicate shades of brownish red sprinkled with cinnamon; with a golden yellow throat. Flowers with recurving petals.

Each 50c; 3 for \$1.40; 6 for\$2.50

Evening Cheer (Sass-Stump 1948)

Flowers open in early evening and remain open the following day, medium sized lemon blooms on 5 ft. stems. Heavily scented. Very late.

Each 40; 3 for \$1.10; 6 for\$2.00

HEMEROCALLIS (continued)

Flava (Lemon Lily)

May-June, sweetly scented flowers. Loved by all.
Each 30c; 3 for 80c; 6 for\$1.50

Fulva Maculata

Large yellow and burnished rose. Mid-season. Tall.
Each 50c; 3 for \$1.40; 6 for\$2.50

George Yeld (Perry 1930)

Large open flowers; petals flushed and sprinkled
rose and bronze apricot. Sepals of rich orange. An
English variety. Mid-season, tall.
Each 50c; 3 for \$1.40; 6 for\$2.50

Hyperion (Mead 1930)

July-August, large waxy firm flowers of soft can-
ary yellow. A must have.
Each 75c; 3 for \$2.00; 6 for\$3.75

Golden West (Sass)

A chrome yellow with good substance, June; 3 ft.
Good cut flower.
Each 50c; 3 for \$1.40; 6 for\$2.50

Margaret Perry

3½ ft. ruddy red and orange. Mid-season.
Each 30c; 3 for 80c; 6 for\$1.50

Mikado (Stout 1930)

Flower of mellow orange, each petal has an area
of dark red purple which adds to the richness of
the flower. In bloom in June and sometime inter-
mittently until frost.
Each 50c; 3 for \$1.40; 6 for\$2.50

Morpheus (Sass-Stump 1948)

Is a lighter yellow than Hesperus with a green
throat, and is more stately and majestic. Petals
turn under and sometimes curl twice when well
grown and there is plenty of moisture. Choice. 4 to
5 ft. when established.
Each \$2.00; 3 for\$5.00

Mrs. W. H. Wyman (Betscher 1929)

A late; but small flower of clear yellow in August-
September. Splendid for cut flowers. 3½ ft.
Each 50c; 3 for \$1.40; 6 for\$2.50

Moonbeam (Sass 1940)

Medium large creamy yellow flowers on 5 ft. stems.
July and August.
Each\$2.00

Nebraska (Sass 1937)

Large 7 inch cadmium yellow; 40 inches tall. Mid-
season. A must have.
Each \$1.00; 3 for \$2.75; 6 for\$5.00

Yellow Frills (Sass-Stump 1948)

Flowers are a very large ruffled light yellow, hav-
ing several dozen buds on tall branching stalks,
when well established. August-September. 4 to 4½
ft. Loves partial shade and a sheltered location.
Each \$1.00; 3 for \$2.75; 6 for\$5.00

blotches.
Mrs. W. H. Wyman; 50c each; late clear yellow.
7 plants (1 each of the seven) for \$3.50.
(Value \$4.05)

BEARDED (EUPOGON) IRIS

The "true pogoniris" or common bearded iris comprising the majority of existing garden varieties. Well adapted to garden culture in temperate regions, having originated from species native in Europe and Asia Minor.

In our description; S—stands for the Standards or upper petals; F—for the Falls or lower petals.

DB-E—Early Dwarf Bearded; DB-M—Mid-season Dwarf Bearded; IB-M—Mid-season Intermediate Bearded; IB-L—Late Intermediate Bearded; TB-E—Early Tall Bearded; TB-M—Mid-season Tall Bearded; TB-L—Late Tall Bearded. RE—Remontant or Fall Blooming varieties.

*Before planting a new bed of Iris, dig in plant food and cultivate well at least two weeks before roots are set. This allows soil to settle. When ready to plant, dig two slanting holes leaving a dividing ridge in the center. This eliminates air pockets under the rhizome.

Place rhizome directly over center of ridge and spread feeding roots evenly to each side. Since ground underneath has not been disturbed no settling will occur. By spreading roots to either side, the plant is securely anchored.

Pull dirt in toward plant from either side. By pressing on top of root, proper planting depth may be regulated. Firm with foot and water well. *(Excerpt from book, The Iris, An Ideal Hardy Perennial—Written and published by Members of the AMERICAN IRIS SOCIETY).

Bearded Iris may be transplanted from early spring, until late fall, however, if planted in spring they seldom produce bloom the same year, so for best results, plant Iris from the 20th of June until after the 1st of September, thus allowing the plants to become established before frost. Come and see our Iris when they are in flower, and let us book your order for later delivery. Visitors are welcomed at all times.

Anitra (H. P. Sass 1936)
TB-L. A silvery sky blue, of great size and beautiful form.
Each50c
Autumn Flame (H. P. Sass 1941)
RE; TB-L. Big, tall, bright red purple.
Each\$1.00

IRIS (continued)

Autumn Haze (H. P. Sass 1934)

RE; TB-E. One of the largest and most outstanding of all autumn varieties; a beautiful lavender-blue self.

Each40c

Autumn King (H. P. Sass 1924)

RE; TB-M. A beautiful shade of lavender-blue.

Each30c

Autumn Queen (H. P. Sass 1926)

RE; IB-E. An everblooming white Iris of good size and quality.

Each30c

Balroudour (J. Sass 1933)

DB-E. S. Pallid soft bluish violet. F. deep olive buff with olive green blotch at end of the beard. Two-flowered stems, 12".

Each30c

Blackamoor (J. Sass 1932)

TB-L. One of the finest dark blue-purple near black.

Each50c

Black Wings, (Kirkland 1930)

IB-M. A smoky black blend.

Each30c

Blue Hill (H. P. Sass 1931)

TB-M. Large medium blue.

Each40c

Blue Shimmer (J. Sass 1942)

TB-L. A blue and white plicata. White ground, heavily but evenly marked and dotted soft bluish violet.

Each\$4.00

Bonanza (J. Sass 1939)

Each\$10.00

Eleanor Roosevelt (H. P. Sass-McDade 1933)

RE; IB-M. A very black self; lustrous purple-black.

Each30c

IRIS (continued)

El Tovar (H. P. Sass 1933)

TB-M; S. Mikado brown F. Blackish maroon. A fine blended variegata.

Each50c

Ethel Peckham (Wmsn 1932)

TB-M. Large rich red.

Each50c

Florentine (Cayeaux 1937)

TB-L. White background dotted all over with blue. Unusual.

Each\$1.00

Giralda (H. P. Sass 1939)

TB-L. Large light pink, 5 ft. tall.

Each75c

Golden Bow (H. P. Sass 1935)

IB-M. Large golden yellow without other markings.

Each30c

Grace Ballard (H. P. Sass 1943)

TB-L. A large apricot blend from Naranja X Prairie Sunset. The flowers have flaring falls, with good branching.

Each\$1.00

Indigo Bunting (Ayres 1934)

TB-M. An unusual blue.

Each40c

Jean Cayeaux (Cayeaux 1931)

TB-M. An unusual blend of Havana and coffee brown. Dykes Medal 1931.

Each50c

Lake Huron (J. Sass 1942)

TB-M. A big, clear medium toned blue self of heavy substance.

Each\$1.00

Little Jewel (J. Sass 1939)

IB-L. A brown tan blend with yellow. Unusual.

Each30c

Moon Ray (H. P. Sass 1943)

TB-L. A large creamy yellow self, with flaring falls and domed standards.

Each\$3.00

Mrs. Willard Jacques (J. Sass 1938)

TB-L. A pink and yellow blend.

Each40c

No-we-ta (H. P. Sass 1933)

TB-M. A pinker Midgard, considered one of the best of the older pinks.

Each30c

Ola Kala (J. Sass 1943)

TB-L. A very dark yellow self with medium large ruffled flowers on 36 inch well branched stem. 1948 Dykes Medal.

Each\$4.00

Orloff (H. P. Sass 1937)

TB-M. A yellow, red-brown plicata, being a sort of cinnamon brown in effect.

Each40c

IRIS (continued)

Ozone (J. Sass 1935)

TB-L. A beautiful mauve toned blend.

Each50c

Patricia (H. P. Sass 1939)

TB-L. Pure white, both S. and F. are heavily ruffled.
This is a medium sized flower.

Each50c

Pink Satin (J. Sass 1930)

TB-M. Beautiful delicate orchid; plant in a sheltered location for best results.

Each40c

Platte Valley Gem (Stump 1948)

TB-M. Huge flowers with a wide haft with long ruffled domed S. and horizontally flaring F. makes a pleasing combination. Leathery substance with three blooms open at one time. Color is an unusual shade of purple violet, with orange beard with a white blotch at end which extends downward through the purple violet like rays of sunshine. Heavily scented grape fragrance. Has proven with us to be weather resistant to heavy winds, beating rains, and late frosts; and is the first of the Ironclad* varieties. 36".

Each\$5.00 Net.

Platte Valley Queen (Stump 1948)

TB-L. Large flowers of leathery substance and wide hafts. Color eggshell white with satin finish, yellow beard. The slightly ruffled S. pressed together in domed style and gracefully flared F. with a partial border of faint violet blue. Style branches are lavender with a border of gold edged in white. Four huge flowers open at one time on strong upright stems. 36". Another of the Ironclad* varieties. Has a pleasing fragrance.

Each\$5.00 Net.

*Ironclad Iris is a new race of Iris, noted for their fragrance, large size, firm leathery texture, able to withstand hot sun, heavy wind, heavy rains, and late frosts. Originated at the Garden City Perennial Gardens.

Pluie D'Or (Cayeaux 1928)

TB-L. Dykes Medal 1928. A clear yellow self.

Each30c

Rameses (H. P. Sass 1929)

TB-M. A blending of tourmaline pink and soft yellow. Dykes Medal 1932.

Each30c

Red Orchid (J. Sass 1934)

IB-E. One of the reddest; a glowing ruby red.

Each30c

Royal Coach (H. P. Sass 1939)

TB-ML. More yellow than any of the others in the series of Sass Plicatas with a definite brown stitchings.

Each50c

Sandalwood (H. P. Sass 1937)

TB-L. S. Vinaceous fawn, F. Army brown. Good sized flowers of fine shape.

Each50c

Sangreal (J. Sass 1935)

RE; IB-M. Lemon yellow blooms of medium size.

Each30c

IRIS (continued)

Sir Knight (Ashley 1934)

TB-L. A huge violet self with a rich orange beard.

Each50c

Sir Launcelot (J. Sass 1935)

TB-L. A gleaming chestnut red with bright golden brown Standards.

Each50c

Snow Velvet (H. P. Sass 1942)

TB-L. Large white of heavy substance.

Each\$2.50

Spokan (J. Sass 1933)

TB-ML. A solidly colored deep chestnut red of good size; plus an old coppery blend throughout.

Each50c

Starless Night (J. Sass 1941)

TB-L. Very dark blackish purple self with a reddish sheen. Yellow beard, medium sized flowers.

Each\$1.50

Sierra Blue (Essig 1932)

TB-M. Dykes Medal 1935; a medium blue self.

Each50c

KAEMPFERI IRIS

Koki-no-iro

A large double flower of dark blue-violet with hardly any veining. Purple and gold in color. Sometimes known as Pyramid and Midnight. Is extremely lavish with its bloom. Unusual. Plant six inches deep and give winter protection.

Each50c

SIBERIAN IRIS

Caezar Blue

Deep blue-purple flowers of good size. Good for cut flowers.

Each 30c; 3 for 80c; 6 for\$1.50

SPURIA IRIS

Beardless Iris, sometimes known as the Poor Man's Orchid. Blooms in June after the tall bearded (Eupogon) Iris are past. Best planted 4 to 6 inches deep in August-September. They do best out in full sun.

Ben Lomond (Washington 1935)

S. Are electric blue and semi-flaring; F. of more brilliant blue with white venations around narrow yellow signal. Tall and lovely.

Each \$2.00; 3 for\$5.00

Sunny Day (H. P. Sass 1931)

Tall and gleaming yellow self.

Each\$2.00

LILIUM (LILIES)

Hyacinths

All Hyacinths will be of top quality; 15 to 16 cm. Place your order with us in the spring; as we order these bulbs in July-August. Prices will vary with the current market. All bulbs will be Dutch imported.

L'Innocence

Best pure white. Compact spikes with large bells.

LILIES (continued)

Princess Margaret

Soft clear pink. Large perfectly formed, one of the best pinks.

Perle Brilliant

Light Blue. tinged Lavender, large spikes, substantial bells.

Queen of the Blues

Light porcelain Blue; large well formed trusses.

Hymenocallis

Ismene Calathina

Sometimes called the Peruvian Lily. Showy, sweet-scented, pearly white trumpet flowers borne three on a stem, similar to the amaryllis. Prefers a sunny location. Plant in May after danger of frost is past. Not winter hardy.

Each 50c; 3 for\$1.40

Narcissus-Daffodils

All bulbs will be top size Dutch imported. Prices will be current market price when available. Place your order in the spring to assure fall delivery.

Golden Harvest

One of the largest, deep golden yellow trumpet varieties. Earlier than King Alfred.

King Alfred

Golden-yellow and frilled.

Lord Wellington

Deep golden yellow trumpet; broad petals and late.

Spring Glory

Free blooming, yellow and white bi-color.

Regale*

Our Regale Lilies are an improved variety, with extra large white flowers suffused pink with creamy yellow throat. Very fragrant blooms in July. Large sized bulbs, 6/8". Plant about 8 inches deep. Hardy with protection. After the ground freezes cover with a 2 inch layer of oat straw or boards to keep ground from thawing and upheaving.

*Available in spring and fall.

Each 40c; 3 for \$1.10; 6 for \$2.00; 12 for\$3.75

Tiger Single

The single Tiger Lily is very free flowering in late summer. Very easily grown in any garden. Tall and hardy.

Each 30c; 3 for80c

Tuberoses

Tuberoses are among the choicest of flowers. They produce racemes of pure white, wax like flowers of great fragrance and beauty on 2 to 3 ft. stems. Plant like you do set onions, and keep cultivated and watered. Dig in fall and store in warm basement.

Single Mexican

Per dozen \$1.00; 3 dozen for\$2.50

Tulips

All tulips will be top size bulbs at current market price. All bulbs will be Dutch imported. Place your order in the spring so we can order the color, variety and number you desire for the fall planting. We also plan to carry a rainbow mixture of the Darwins, Cottage, Breeder, Rembrandt, Double late; Single Early; and Double Early. All bulbs 12 cm. and up.

LILIES (continued)

Umbellatums Crimson King (Sass)

Large, late flowering Umbellatum Lily, with slightly stubby petals of dark crimson with black splotches. 12 to 14 flowers in an umbel and 44 inches tall when well established. Overlaps with the Regale Lily in season of bloom. New. A must have.

Each 50c; 3 for \$1.40; 6 for\$2.50

Umbellatums Crimson Queen Sass)

A companion to the Crimson King; although the petals are long and tapered, much like the Regale in size, the flowers are a bright crimson color. Blooms a little earlier than Crimson King. New. A must have.

Each 50c; 3 for \$1.40; 6 for\$2.50

Umbellatums (Elegans)

Sometimes known as the Red Russian; Tip Top or the Candlestick Lily. Large umbels of flowers of burning red-orange color. Plant in September, 6 to 8 inches deep.

Each 30c; 3 for 80c; 6 for\$1.50

PEONIES

We have been requested by our many customers to give them a brief summary on the art of planting peonies so they might have blooms the following spring.

For best results peonies should be planted in September or October in full sun; and spaced about 3 feet apart.

Dig the holes as big and deep as the peony and then dig two inches deeper. Put in a handful of well-rotted manure or a Tablespoon of Commercial Fertilizer, mixing thoroughly with soil. Then add two inches of top soil, placing the peony roots on this, taking care that the peony roots do not touch the manure or fertilizer. Plant the peony so that the eyes or buds are an inch below the surface of the soil; thus, the crown, from which the buds arise should be only 1 inch below the surface of the soil. Pack the soil firmly about all the roots and crevices of the peony so there will be no air pockets; then when it is packed firmly about the eyes, tramp about the plant so as to firm the soil. Taking care not to bruise the eyes or buds.

Then pour in one bucket of water, leave water seep away entirely, then with a rake loosely cover the top of peony with the remainder of soil; so eyes are about 1 to 2 inches covered. Don't tramp on soil, but leave ground loose so it will act as a mulch for the plant. Peonies should be mulched the first year after planting to prevent heaving; after they are well established no protection is necessary.

Very little cultivation is necessary except to remove weeds. The best time to destroy weeds is very early in the spring before the plants have made much growth, or late in fall after tops have been cut off. During the summer the top 2 inches of soil should be kept loose by shallow hoeing.

Remember, that when picking peony flowers, it is advisable to leave at least 3 flowering stalks complete. However, take no more stem than is actually required for the arrangement. Leave at least 2 or 3 leaves below the point where the stem is cut. If the foliage is cut back

PEONIES

shortly after blooming, the plants are deprived of their next year's food supply. The foliage of the Peony should not be cut off until it has been killed by hard frosts. If the foliage has dried off, then cut it off to the ground the first of September and burn to prevent the spread of disease.

For further information join the American Peony Society and find more information in the four bulletins issued during the year.

Our Peonies are large three to six eye divisions. Come and visit our gardens when they are in bloom and place your order with us. Visitors are welcomed at all times.

WHITE PEONIES

A. P. Saunders (Thurlow)

Late, simply huge, but flat, flesh pink, opening to pure white. An interesting peony for the border.

Each\$2.00

Diana (Sass)

Pure white of full rose type.

Each\$2.00

Elsa Sass (Sass) 9.4

Late white with a light salmon flush in center. Has measured for us, 8 inches in diameter. A prize winner and one of the choicest white, no fragrance. A must have.

Each\$5.00

Evening Star (Sass) 9.5

Mid-season late white with an occasional faint edging of flame red on center petals. Opens white with a yellow glow in center, which slowly turns pure white. Stands up on strong, tall stems. A must have.

Each\$3.00

Fanny Crosby (Brand) 7.7

An early yellow Peony with light pink guard petals; that fade to pure white, unless cut when first opening. The plant is strong, thrifty and very floriferous. The side buds coming into bloom with the main flower and if left on the plant they make a wonderful showing.

Each\$1.00

Festiva Maxima (Mieliez) 9.3

The old reliable white. A massive, early double white with occasional crimson markings and flecks. Good cut flower.

Each\$1.00

Luxor (Sass)

Early Mid-season white of bomb type; looks like a huge chrysanthemum if disbudded. Is sometimes known as the White Mons Jules Elie. Another must have.

Each\$2.50

Marie Jacquin (Verdier) 8.3

Early mid-season semi-double flowers with shell pink guards which soon change to purest white; then a collar of yellow stamens surrounding a row of shorter pure white petals, then a tuft of yellow stamens, giving the flower a pronounced Waterlily effect. Stems are erect, and a splendid cut flower. A dependable bloomer.

Each\$1.00

PEONIES (continued)

Mahal (J. Sass)

Early double white with a lot of stamens; showing among the petals.

Each\$1.50

Nebraska (Sass)

Large pure white on tall stems. Late.

Each\$3.00

Solange (Lemoine) 9.7

Very late, coffee, plus cream color; with a tinge of apricot shading in the center of petals. Very slow opening but when fully open is a beauty. Has one fault, that the flowers often fail to open. Good for a large planting, but not for the small home garden.

Each\$2.00

Timmes White (H. P. Sass)

Mid-season. Buds are slightly pink tinged; opens a beautiful white with slightly crinkled petals. Rose type blooms and very fragrant. A splendid keeper and good cut flower. Another must have.

Each\$2.00

White Eagle (H. P. Sass)

Early double white with a yellow glow in center of flowers.

Each\$2.00

White Single (Sass)

A very tall, large single white. Opens a pale pink and fades to pure white. Splendid in the border.

Each\$1.00

PINK PEONIES

Anna Sass (Sass) 8.7

Very late, clear pink with orchid shadings; unusual flat cup shaped. Very tall, sturdy stems.

Each\$2.00

Adonis (Sass)

A mid-season late light pink with a yellow collar. Unusual.

Each\$2.00

August Dessert (Dessert) 8.7

Mid-season. An intense rose pink with a silver edge, shows a few stamens which enhances its beauty. An interesting plant for the border.

Each\$2.00

Cornelia Shaylor (Shaylor) 9.1

A late double of an exquisite soft rose, that gradually fades to an almost pure white with a greenish tint at the base of the petals. One of the best of its color. Very tall strong stems.

Each\$2.00

Edulis Superba (Lemoine) 7.6

This is a good, early deep pink. As a rule opens for Decoration Day. The flowers are large, borne profusely on tall strong stems. A loose, crown type flower of a beautiful deep pink. Good cut flower.

Each\$1.00

Glorianna (Neeley) 9.06

Mid-season large pink; one that should be in every garden.

Each\$2.00

PEONIES (continued)

Grace Batson (Sass)

The blooms are enormous; almost as high as they are wide, and shaped somewhat like a huge mum. The color is a charming deep pink, and very fragrant. Blooms in mid-season on stems strong enough to hold the flowers erect. Very free blooming. A must have.

Each\$2.00

Hans P. Sass(Sass) 9.1

Mid-season late, huge shell pink. Pleasing fragrance. Splendid cut flower. A beauty. Another must have.

Each\$2.50

Hermoine (Sass) 8.8

Large clear pink blooms on tall stems.

Each\$2.50

Kelway's Queen (Kelway) 8.8

Late mid-season, huge, true pink, a beautiful masterpiece. Has a lovely rose fragrance.

Each\$2.00

Last Rose (Sass)

Very late deep pink, but sure to open.

Each\$2.50

Marguerite Gerard (Crousse) 8.4

Large blooms of pale pink, petals have minute dark carmine flecks on tips. An old variety. Mid-season.

Each\$1.00

Marietta Sisson (Sass)

The blooms are just as enormous as Grace Batson; and a clear pink. Opens early mid-season and very fragrant.

Each\$2.00

Martha Bulloch (Brand) 9.1

Tallest and largest old rose pink peony in existence. Rose type and fragrant as a rose. Very choice and is a prize winner.

Each\$2.50

Mons Jules Elie (Crousse) 9.3

An immense self-colored flesh pink; with an intense silvery sheen, a chrysanthemum-like flower. Plant is medium tall with strong stems. Early.

Each\$1.50

Queen of Hamburg (Sass) 8.9

Immense double, bright, gleaming pink flowers on tall strong stems.

Each\$3.00

Sarah Bernhardt (Lemoine) 9.0

Of semi-rose type, late mid-season, color an apple-blossom pink with each petal silver tipped. Agreeable fragrance. Another prize winner.

Each\$1.50

Sea Shell (Sass)

A very delicate slightly fluted single light pink. Very choice. Mid-season. Splendid for the border.

Each\$1.50

The Disc (Sass)

Late dark rose on tall sturdy stems, having perfectly round disc-shaped flowers. Fragrant. Choice.

Each\$2.50

PEONIES (continued)

Walter Faxon (Richardson) 9.3

A soft coral-pink, shaded lighter at ends of the petals and deeper pink at base. The concealed golden stamens add a salmon reflection through the pink of the petals. Medium sized flowers on medium tall but vigorous stems. Late mid-season. A prize winner at shows.

Each\$1.50

RED PEONIES

Cherry Hill (Thuratus) 8.6

A very tall growing semi-double deep garnet. Opens for Decoration Day and is a good cut flower. Splendid for the landscape border.

Each\$1.50

Felix Crousse (Crousse) 8.4

A deep rose-red showing no stamens.

Each\$1.00

Single of large size, early.

Each\$1.00

Inspecteur Lavergne (Doriat) 8.6

Early double crimson flower, sometimes known as the Red Mons Jules Elie. A prize winner.

Each\$2.50

Judy Becker (Sass)

Flowers large, a brilliant dark red of full rose type. A healthy grower with stems 32" tall. Late.

Each\$5.00

Mary Brand (Brand) 8.7

Deep silky red; with little trace of purple. A fine landscape variety and good for cutting. Early mid-season.

Each\$1.50

Karl Rosenfield (Rosenfield) 8.8

Early mid-season. Flowers are large, semi-rose type and slightly fragrant. Rich velvety crimson. Good cut flower and for the border.

Each\$1.00

Officinalis Rubra 8.6

Vivid crimson; large round bloom, on short stems. Earliest of all; as a rule is past by Decoration Day. An old variety.

Each\$2.00

Phillip Rivoire (Rivoire) 9.2

Richly rose-scented; late mid-season, bright velvety crimson. Considered the best red peony in the world.

Each\$3.00

Richard Carvel (Carvel) 8.8

An early crimson. Splendid cut flower.

Each\$1.50

Tanager (Sass)

Late mid-season; all black red.

Each\$2.00

Waterman Red

Very tall rose red, with a purple sheen, rose type bloom. Resembles very much the old variety, (Meissonier). Is the same color as the American Beauty Rose. Good cut flower. Usually in bloom for Decoration Day. Early mid-season.

Each\$1.50

PEONIES (continued)

DECORATION DAY Special

Marie Jacquin, \$1.00 each; early White.

Edulis Superba, \$1.00 each; early dark Pink.

Mons Jules Elie, \$1.50 each; mid-season light Pink.

Mary Brand, \$1.50 each; early mid-season silky Red.

4 Peonies (one each of the four) for \$4.50

(Value \$5.00)

PHLOX DECUSSATA (Hardy Phlox)

Africa

Brilliant carmine-red with blood-red eye. Large flower heads with good sized florets. Mid-season. Each 40c; 3 for \$1.10; 12 for\$4.00

E. I. Farrington

Tall salmon-pink with a darker eye; large florets and heads. Early mid-season. Each 40c; 3 for \$1.10; 12 for\$4.00

Count Zepplin

Large heads of pure white, each floret has a sharply defined eye of bright red. Free blooming. Considered the best of the "Calico Phlox." Each 50c; 3 for \$1.40; 12 for\$5.00

Frau Anton Von Mathner

New. Large florets of brilliant salmon-orange with crimson eye. Makes a striking display of color in July-August. 2 to 2½ ft. Each 60c; 3 for \$1.60; 12 for\$6.00

Mary Louise

Large heads of pure waxy white flowers. Individual flowers are very large. August-September. 2½-3 ft. Each 50c; 3 for \$1.40; 12 for\$5.00

Mrs. Jenkins

The good old stand-by of all the white phlox. Stands up under the hot sun and does not curl. Each 40c; 3 for \$1.10; 12 for\$4.00

Salmon Beauty (Eva Forester)

Very attractive, immense trusses of large bright salmon rose florets with large white centers. A beauty. About 2 ft.; early mid-season. Each 40c; 3 for \$1.10; 12 for\$4.00

PHLOX DWARF

Dwarf Phlox, like a rich sandy loam; plenty of sun and air, and cultivation. Fine for that special spot in the sunny rock garden or garden border. Hardy with light protection.

Brittoni Rosea

Also listed as Subulata "Elfin Pink." One of the loveliest and rarest little gems for the rockery. This midget phlox requires 2 to 3 years to make equal growth that the ordinary subulata makes in one year. Two or three inches tall, this variety has tiny star-shaped blossoms of a lovely clear soft cameo pink with no eye, in late May. Grows in most any garden soil, but prefers a gritty, well-drained soil. Each 75c; 3 for\$2.00

PHLOX (continued)

Camla, Camlaensis or Setacea (Millard)

A rare treasure from England, blooms a week to ten days later than the subulatas, and again in late September until killing frosts. Five to seven inches tall, it forms neat compact mats of rich green foliage. Flowers are a large clear soft pure pink, and suitable for cutting.

Each 75c; 3 for \$2.00; 6 for\$3.75

Divaricata

One of the loveliest wild phlox found in the native woods, but seldom found in its wild state nowadays. Lovely soft blue blossoms, excellent as ground cover in sun or partial shade. Enjoys a gritty, rich and acid soil.

Each 50c; 3 for \$1.40; 12 for\$5.00

SUBULATA PHLOX

Alexander's Giant (Alexander)

Large deep rose with very long creepers. Vigorous grower. Decided improvement over subulata rosea.

Each 75c; 3 for \$2.00; 6 for\$3.75

Alexander's Favorite (Alexander)

Individual blossoms are over three-quarters of an inch in diameter. Clear bright rose-pink with very conspicuous crimson eye. Eye is larger than in most of the Subulatas. Vigorous grower, with very long creepers, that turn red in the Fall.

Each 75c; 3 for \$2.00; 6 for\$3.75

Alexander's Pink (Alexander)

Large flowers of clear brilliant rose-pink with a very brilliant crimson eye. Very little if any magenta pink. An abundant bloomer. Good grower with exceptionally long creepers, that late in the fall turn a red tint.

Each 75c; 3 for \$2.00; 6 for\$3.75

Alexander's White (Alexander)

A pure white with cream center, the latest white among Subulatas. Very desirable, extending the flowering season. When there is plenty of rain, it has a pink eye, but the eye is not dependable.

Each 75c; 3 for \$2.00; 6 for\$3.75

Arbutus (Scheffy)

New cushion type creeping phlox; with very tiny, perfectly round flowers of a bright lavender-pink, fading to a soft Mayflower pink. Very new and choice. Makes a beautiful specimen for the choice rockery, by keeping within bounds and is very free-flowering.

Each 75c; 3 for\$2.00

Atropurpurea or Crimson Beauty

An old favorite, that is the most reddish of the commonly grown subulatas. Dark foliage. Very desirable.

Each 50c; 3 for \$1.40; 6 for\$2.50

Bluet (Alexander) Subulata x Brittoni Hybrid

Foliage is rich deep green, and vigorous; with very tiny flowers of bluish-white with blue-violet eye. The latest blue flowering subulata in existence.

Each 50c; 3 for\$1.40

PHLOX (continued)

Orchid Lady (Alexander)

New, a very distinct color; a bright, clear lavender with deep violet-red eye. Fades to a pale bluish-lavender. Choice.

Each 75c; 3 for\$2.00

Sky Blue (Alexander) Brittoni x Subulata Hybrid

Earlier than Bluet, with large clear soft blue flowers and rich violet-blue eyes. The deep green color of the fine foliage lasts through the season, although the flowers fade to a very pale blue, they open a lovely clear blue. Big improvement over Lilacine, Blue Hill and G. F. Wilson.

Each 75c; 3 for \$2.00; 6 for\$3.75

Vivid (True variety)

Without doubt, the finest clear bright pink on the market to-day in the cushion variety. Very slow grower, but highly recommended.

Each 75c; 3 for\$2.00

White Queen (Alexander)

The loveliest, clearest, purest white subulata known with a distinct yellow-orange pollen center. Very free flowering. Choice and new.

Each 75c; 3 for \$2.00; 6 for\$3.75

SHRUBS

BUDDLEIA (Butterfly Bush)

Sometimes known as the summer lilac. A shrub that needs little care if planted in a sunny location in well drained soil. Sprays of flowers are produced profusely; if kept cut. Used as a filler with gladioli bloom.

Dubonnet

A new dubonnet colored Buddleia with firm, large spikes and individual flowers of good size that do not sunburn. Splendid cut flower.

Each 60c; 3 for\$1.60

Ile de France, 4-6 ft.

Large flowers of rich purple, borne in long sprays. Very hardy.

Each 60c; 3 for\$1.60

Pink Dawn

A Mount Arbor introduction. Compact plants attain a height of 4-5 ft.; with deep, dark green foliage. Large flowers of pink, borne in long sprays and produced in great abundance throughout the entire Summer and Autumn. Good cut flower.

Each 60c; 3 for\$1.60

White Cloud

A new white Butterfly Bush originated by the Carroll Gardens. Very symmetrical and compact bushes, 3 to 5 ft. covered with sprays of pure white blooms with tiny bright yellow eye. Perfectly hardy. Splendid cut flower.

Each 60c; 3 for\$1.60

SHRUBS (continued)

BUTTERFLY BUSH Special

Dubonnet; 60c each, Dubonnet colored .

Ile de France; 60c each, Rich Purple.

Pink Dawn; 60c each, Pink.

White Cloud; 60c each, White.

4 Buddleia (one each of the four) for \$2.00
(Value \$2.40)

FRENCH LILACS

Our Lilacs are all on their own roots. Plant when dormant after a killing frost; or, very early in the Spring before growth starts.

Charles Joly

Double, reddish purple flowers; 5 to 6 ft. when well established; grows upright.

Each\$1.00

Leon Gambetta

Double, Largest, compact, long-stemmed trusses, with individual florets like small roses. Clear, delicate pink. Strong, upright specimen grower. Mid-season. Always scarce. One of the finest Lilac.

Each\$5.00

Michel Buchner

Double. A blue which is distinctively intermixed and changes to pink in successive stages. Strong grower. Mid-season. Scarce.

Each\$4.00

Mme. Lemoine

Double, pure white flowers, 5 to 6 ft. when well established; grows bushy-like.

Each\$1.00

Victor Lemoine

This is the most wonderful of all French Lilacs. Florets are very double like little doubles roses, and these are gathered into panicles of the largest size. General effect of the color is a soft rosy pink overlaid with a delicate blue-lavender. One of the latest to bloom. Always scarce.

Each\$5.00

EUONYMUS ATROPURPUREUS

Wahoo (Bush Bittersweet)

A native shrub with dark purple flowers in July and Scarlet berries and colored foliage in the Autumn.

Each65c

HARDY PERENNIALS

Please note; that we have listed our Perennials in groups of three or more of one kind; as this tends to give a more effective garden display.

ANCHUSA

Myosotidiflora

Botanically listed as *Brunnera macrophylla*. 1½ ft. when in bloom during April-May. Makes a tidy compact plant. Foliage is robust and has a healthy, attractive appearance throughout the season. Likes a North or East exposure. Shade only.

Each 40c; 3 for \$1.10; 6 for\$2.00

PERENNIALS (continued)

AQUILEGIA (Columbines)

Long Spurred Hybrid

An assorted mixture of Coerulea, Longissima, Pink Queen and White Queen.

Each 40c; 3 for \$1.10; 6 for\$2.00

ARTEMESIA

Silver King, Improved

3 ft. beautiful silvery white foliage. Fine for winter bouquets.

Each 40c; 3 for\$1.10

CARNATION, Hardy with protection

Crimson King

Beautiful double crimson flowers on stems 12 to 14 inches in length. If flowers are kept cut, the plants will bloom until killing frost.

Each 40c; 6 for \$2.00; 12 for\$3.75

Lucia

15 to 18 inches, beautiful salmon-pink; full double flowers, all summer. A sturdy grower. New.

Each 50c; 3 for\$1.40

Serena

New pure white. A very free bloomer all summer. The large, full double flowers are pure white.

Each 60c; 3 for\$1.60

CHRYSANTHEMUM MAXIMUM

Diener's Giant Hybrid Shasta Daisy

Flowers 4 to 5 inches across, resemble giant Asters, on long wiry stems. Blooms over a period of several months.

Each 40; 3 for \$1.10; 6 for\$2.00

COREOPSIS

Lanceolata Grandiflora

An improved variety with large bright yellow flowers. One of the best hardy plants. Good cut flower.

Each 30c; 3 for 80c; 6 for\$1.50

DELPHINIUMS

Giant Pacific Hybrids, Round Table Series

A superb mixture comprising all the available shades in Delphinium. Have tall, very sturdy spire-like spikes with individual florets about 2¼ inches more or less.

Each 40c; 3 for \$1.10; 6 for\$2.00

Summer Skies

A beautiful clear blue delphinium with white bees. A beauty. Splendid for cut flowers.

Each 40c; 3 for \$1.10; 6 for\$2.00

GYPSOPHILA (Baby's Breath)

Bristol Fairy—grafted plants

3 to 4 ft. producing large panicles of double white flowers. The individual blossom is quite large and of the purest white. Good cut flower.

Each 65; 3 for\$1.70

Bodgeri Repens Rosy Veil—own roots

Has an 18 inch spread and 12 inches high. Double pink flowers from early June to frost, if kept cut.

Each 65c; 3 for\$1.70

PERENNIALS (continued)

HEUCHERA (Coral Bells)

Sanguinea

A popular red variety. Loves light soil and full sun, but will do well in partial shade. Late May through July. Good cut flower.

Each 40c; 3 for \$1.10; 6 for\$2.00

LYCHNIS

Chalcedonia

Sometimes known as the Jerusalem Cross or Scarlet Lightning. Heads of vivid scarlet flowers; each in the shape of a cross. Also known as Maltese Cross. Blooms June-July. Good cut flower.

Each 40c; 3 for\$1.10

PAPAVER ORIENTALS (Oriental Poppies)

Plant in August-September, or until the ground freezes.

Crimson Scarlet

Hybrids mixed.

Each 30c; 3 for 80c; 6 for\$1.50

Olympia

Early double salmon-red. The first variety to bloom.

Each 30c; 3 for 80c; 6 for\$1.50

Pink Shades

Clear pink colors; from shrimp pink to salmon-pink.

Each 50c; 3 for \$1.40; 6 for\$2.50

PENSTEMON (Beard Tongue)

Firebird (Cherry Glow)

2 ft. an outstanding new introduction to add color to summer gardens. With large ruby-red individual blooms, the long spikes of blooms are especially attractive in bouquets. Sun or partial shade. No matter how good it is protected through the winter, a certain percentage does not survive. Keeping the plant cut back helps it to survive the winter.

Each 50c; 3 for \$1.40; 6 for\$2.50

PLATYCODON (Chinese Balloon Flower)

Grandiflora Blue

Large single blue flowers. Loves sun or partial shade.

Each 30c; 3 for80c

Grandiflora Shell Pink

Shade loving plant. Color a delicate light pink bells with veins of deeper pink; fine for cutting. Hardy. June to frost.

Each 50c; 3 for \$1.40; 6 for\$2.50

PYRETHRUMS (Painted Daisy)

Botanically known as Chrysanthemum Coccineum.

Robinson's Hybrids

Mixed; shades of pink, rose, red and white; partial shade.

Each 30; 3 for 80c; 6 for\$1.50

RANUNCULUS (Buttercups)

Acris Flore Pleno

Double, upright yellow buttercups; likes either sun or shade. A wet or dry location. Good cut flower.

Each 30c; 3 for 80c; 6 for\$1.50

PERENNIALS (continued)

RUDBECKIA

Lacinata Golden Globe (Sass)

The new sensation of the year. An improved Golden Glow; fully double with quilled petals. Loves sun and is very disease and insect free. Good cut flower.

Each 40c; 3 for \$1.10; 6 for\$2.00

Speciosa

Rich orange-yellow daisies; with a fragrance of orange. Loves sun and moisture, making itself at home near a pool. Blooms in August and September. Grows to a height of 18 inches and is very hardy. Splendid cut flower.

Each 40; 3 for \$1.10; 6 for\$2.00

SHASTA DAISY

See *Chrysanthemum Maximum*

THERMOPSIS (Carolina Yellow Lupine)

Caroliniana

3 ft. A good yellow accent plant with spikes of pea-like flowers. June, July. Splendid in the sunny border.

Each 50c; 3 for\$1.40

THYMUS

Serpyllum Coccineus Variegata

Splendid for the garden path; is fragrant the more it is stepped on, also the better it grows. Does fine in well-drained soil in full sun. 4". Prostrate, creeping habit with variegated leaves of yellow and green. Unusual. Use a few leaves to season your cooking, in meat dishes; soups or salads.

Each 50c; 3 for \$1.40; 6 for\$2.50

VINCA

Minor, Bowles' Variety

Glossy green foliage with large deep blue flowers; an outstanding ground-cover for that shady nook.

Each 40c; 3 for \$1.10; 6 for \$2.00; 12 for\$3.75

VIOLA ODORATA (Sweet Violet)

Royal Robe

A distinct addition to the Violet family that deserves a place in the shady rock garden; and as a ground cover. Large flowers of lustrous, deep, violet-blue. Intensely fragrant. The rugged plants have sturdy foliage and bloom abundantly in early spring and again in fall. Hardy. Needs light protection until established.

Each 50c; 3 for \$1.40; 6 for\$2.50

We grow many perennials of which our stock is limited; if you do not find what you want in this list, write for information.

Our Gardens are always open to visitors. Come often and enjoy our flowers. Cut flowers sold in season.

When the plants upon your sill
Will not grow and look quite ill.
